

### **Use By Date on Drynites®**

This is to confirm that Kimberly-Clark Europe Limited, under control of competent authorities and in accordance with all the laws and rules in force is responsible for the products mentioned below. DryNites® Pyjama Pants products range are classified as follows:

#### **European General Product Safety Directive 2001/95/EC**

DryNites® Pyjama Pants 3-5 years

In the European Union, baby diapers are regulated under the General Product Safety Directive 2001/95/EC, which has no requirement to include a Use By Date. The packaging on DryNites® contains a Use By Date. This is because certain countries of sale require a Use By Date on the package as part of their national product regulations. The Use By Date that is included on the package is solely there to comply with these non EU regulations.

#### **European Medical Device Directive 93/42/EEC:**

DryNites® Pyjama Pants 4-7 years

DryNites® Pyjama Pants 8-15 years

In the European Union, a product that is primarily used for nocturnal enuresis (5 years and over) is classified as a medical device which has a requirement to include a Use By Date.

We confirm that these DryNites® mentioned above are suitable for use and present no risk to the health and safety of consumers.
