13. Other information:

The above information has been developed based on the current state of knowledge and experience.
The information contained in the technical data sheet is intended to describe the product only from safety requirements point of view. The user is responsible for creating the conditions for the safe use of the product and he is responsible for the consequences of incorrect use of this product. The product should be transported, stored and used in accordance with applicable regulations and good hygiene and manufacturing practice.

Cosmetic products are subjected to the *Regulation of the European Parliament and of the Council No. 1223/2009 on cosmetic products*, which does not indicate the need to create Safety Data Sheets for products subjected to the regulation. For the purpose of the categorization and transport of cosmetic products, Technical Data Sheet (TDS) has been created. TDS's were created according to internally established scheme. It is not a Safety Data Sheet as defined by the *Regulation No.1907/2006 on the Registration, Evaluation, Authorization and Restriction of Chemicals*.
